INVESTOR PRESENTATION

JUNE 3, 2016

Important Notice

This presentation may contain certain forward-looking statements, including statements with regard to the future performance of FS Investment Corporation (referred to herein as FSIC, the fund, we or us). Words such as “believes,” “expects,” “projects” and “future” or similar expressions are intended to identify forward-looking statements. These forward-looking statements are subject to the inherent uncertainties in predicting future results and conditions. Certain factors could cause actual results to differ materially from those projected in these forward-looking statements. Factors that could cause actual results to differ materially include changes in the economy, risks associated with possible disruption in FSIC’s operations or the economy due generally to terrorism or natural disasters, future changes in laws or regulations and conditions in FSIC’s operating area, and the price at which shares of common stock may trade on the New York Stock Exchange (NYSE). Some of these factors are enumerated in the filings FSIC makes with the U.S. Securities and Exchange Commission (SEC). Except as may be required by federal securities laws, FSIC undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

This presentation contains summaries of certain financial and statistical information about FSIC. The information contained in this presentation is summary information that is intended to be considered in the context of FSIC’s SEC filings and other public announcements that FSIC may make, by press release or otherwise, from time to time. The information related to FSIC’s investment portfolio reflected in this presentation (the “Portfolio”) is presented as of March 31, 2016, unless otherwise noted. The Portfolio may therefore change over time and the actual investments made by FSIC may differ substantially from the Portfolio represented in this presentation. Therefore, the parameters, industry concentration, interest rates and other Portfolio information presented herein could all be materially different than those of the current portfolio of FSIC. Information related to assets under management of GSO / Blackstone Debt Funds Management LLC reflected in presentation is also as of March 31, 2016, unless otherwise noted. In addition, all other financial figures and market price data presented herein is as of March 31, 2016, unless otherwise noted. Except as may be required by federal securities laws, FSIC undertakes no duty or obligation to update or revise the information contained in this presentation. Information related to past performance, while helpful as an evaluative tool, is not necessarily indicative of future results, the achievement of which cannot be assured. Investors should not view the past performance of FSIC, or information about the market, as indicative of FSIC’s future results.

This presentation contains certain financial measures that have not been prepared in accordance with U.S. generally accepted accounting principles (GAAP). FSIC uses these non-GAAP financial measures internally in analyzing financial results and believes that the use of these non-GAAP financial measures is useful to investors as an additional tool to evaluate ongoing results and trends and in comparing FSIC’s financial results with other business development companies. Non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP financial measures, and should be read only in conjunction with FSIC’s consolidated financial statements prepared in accordance with GAAP. A reconciliation of non-GAAP financial measures to the most directly comparable GAAP measures has been provided in the Appendix included in this presentation, and investors are encouraged to review the reconciliation in the table and the related footnotes.

Important Notice (continued)

Any comparisons herein of the investment performance of FSIC to a benchmark or an index are qualified as follows: (i) the volatility of such benchmark or index may be materially different from that of FSIC; (ii) such benchmark or index may employ different investment guidelines and criteria than FSIC and, therefore, holdings in FSIC may differ significantly from holdings of the securities that comprise such benchmark or index; and (iii) the performance of such benchmark or index may not necessarily have been selected to represent an appropriate benchmark or index to compare to the performance of FSIC, but rather, is disclosed to allow for comparison of FSIC's performance (or the performance of the assets held by FSIC) to that of a well-known benchmark or index. A summary of the investment guidelines for any such benchmark or index is available upon request. No representation is made as to the risk profile of any benchmark or index relative to the risk profile of FSIC. Benchmark and index performance results may not be subject to fees and expenses.

Any selected case studies included herein are for informational purposes only and do not constitute investment advice or recommendations of past investments. All rights to the trademarks and/or logos, if any, listed herein belong to their respective owners and Franklin Square's use thereof does not imply any affiliation with, or endorsement by, the owners of these trademarks and/or logos.

Industry and market data used in this presentation have been obtained from industry publications and sources as well as from research reports prepared for other purposes. We have not independently verified the data obtained from these sources and cannot assure you of the data's accuracy or completeness.

Certain figures in this presentation have been rounded. Unless otherwise noted, per share data was derived using the weighted average shares of FSIC's common stock during the applicable period. Per share numbers may not sum due to rounding.

An investment in FSIC involves a high degree of risk and may be considered speculative. Investors are advised to consider the investment objectives, risks, and charges and expenses of FSIC carefully before investing. Investors should read and carefully consider all information found in FSIC's reports filed with the SEC before investing. Investors may obtain copies of these filings free of charge at www.franklinsquare.com or by contacting Franklin Square at 201 Rouse Boulevard, Philadelphia, PA 19112 or by phone at 877-372-9880.

98% OF INVESTMENTS ARE PERFORMING TO EXPECTATIONS¹

- Since inception, average annual default rate of 1.12%² and estimated weighted average recovery rate of 108%³

INVESTMENT RATING SCALE⁴

NUMBER OF PORTFOLIO COMPANIES

¹ Based on fair value as of March 31, 2016. Based on FB Advisor's investment rating system. For more information on FB Advisor's investment rating system, please refer to FSIC's SEC filings.
² Based on the average annual default rate for the period from FSIC's inception through March 31, 2016, based on original cost.
³ Recovery rate is estimated based on either the value received at the company's emergence from bankruptcy, the value received from the sale of the securities held post-default or the value of exchanged securities as of the date of calculation, compared to the original cost of the defaulted securities.
⁴ In addition to various risk management and monitoring tools, FB Advisor uses an investment rating scale of 1 to 5 to characterize and monitor the expected level of returns on each investment in FSIC's portfolio. For additional information on FB Advisor's investment rating system please refer to FSIC's SEC filings.

Strong performance history

EXPERIENCED A NET REALIZED GAIN IN 6 OF 7 YEARS SINCE INCEPTION

- Non-accruals remain small at 0.3% of the portfolio as of March 31, 2016¹

¹ Based on fair value.

² Calculated as total net realized gain/loss during the applicable year, excluding gains and losses associated with a total return swap and foreign exchange transactions, divided by the average value of FSIC's investment portfolio based on amortized cost during the applicable year.

³ From inception through March 31, 2016. Calculated as an average of the historical annual net gain/loss rates (where the annual net gain/loss rate is calculated as the amount of net realized gains/losses in a particular year, excluding gains and losses associated with a total return swap and foreign exchange transactions, divided by the average quarterly amortized cost of the portfolio in the same year).

Stable portfolio yield

FSIC HAS OBTAINED PREMIUM PRICING TO OTHER MIDDLE MARKET LENDERS

- 316 bps average yield advantage for FSIC vs. broader middle market since FSIC's inception
- Relationships, scale, reputation, speed of execution and GPO program create pricing power

1 Gross yield prior to leverage based on amortized cost.

2 Thomson Reuters LPC quarterly middle market loan yields to a 3-year maturity. The index includes corporate issuers with annual revenue up to \$500 million.

Consistent distribution coverage

STRONG DISTRIBUTION COVERAGE ALLEVIATES NEED TO REACH FOR YIELD

- Adjusted NII exceeded distributions by approximately 14 cents¹ per share in 2015
- Cash distribution yield at the start of 2016 was 9.8%²
- 11 special cash distributions paid since inception

¹ This figure has been rounded.

² Calculated as FSIC's annualized distribution amount per share of \$0.891 divided by its NAV per share of \$9.10 as of December 31, 2015.

³ Adjusted net investment income is a non-GAAP financial measure. Adjusted net investment income is presented for all periods as GAAP net investment income excluding (i) the accrual for the capital gains incentive fee for realized and unrealized gains; (ii) excise taxes; and (iii) certain non-recurring operating expenses that are one-time in nature and are not representative of ongoing operating expenses incurred during FSIC's normal course of business. FSIC uses this non-GAAP financial measure internally in analyzing financial results and believes that the use of this non-GAAP financial measure is useful to investors as an additional tool to evaluate ongoing results and trends and in comparing its financial results with other business development companies. The presentation of this additional information is not meant to be considered in isolation or as a substitute for financial results prepared in accordance with GAAP. See "Reconciliation of Non-GAAP Financial Measures" for a reconciliation of adjusted net investment income to GAAP net investment income.

⁴ Distributions are not guaranteed and are subject to applicable legal restrictions and the sole discretion of FSIC's board of directors.

⁵ Undistributed net investment income on a tax basis based on shares outstanding as of March 31, 2016.

Opportunities for future growth

STRONG DISTRIBUTION COVERAGE

- Currently distribute \$0.22275 per share per quarter versus average adjusted NII¹ per share per last four quarters of \$0.2525²
- Distributions consistently covered 100% from adjusted net investment income
- 2015 adjusted NII¹ exceeded distributions by approximately \$0.14 per share
- FSIC has accumulated \$0.63 per share of undistributed NII on a tax basis³

SCALE & CAPACITY FROM EXEMPTIVE RELIEF

- Franklin Square is the largest manager of BDCs
- Exemptive relief for the Franklin Square BDCs enables Franklin Square to spread investments across its BDC platform
- Provides investment capacity to fund larger deals and grow with our portfolio companies
- Enhances credit quality of investment portfolio

INCREASE IN INTEREST RATES

- FSIC should experience net investment income growth in a rising rate scenario
- 98% of FSIC debt is fixed-rate while 66% of investments are in variable rate debt³
- A 300 bps rise in interest rates would increase net interest income by 20%^{3,4}

SPECIALTY FINANCE PLATFORM

- FSIC continues to grow its investments in specialty finance operating companies
 - Global Jet Capital, a leading global corporate aircraft leasing business, acquired GE Capital's \$2.3 billion Fixed-Wing Corporate Aircraft Financing Portfolio in the Americas
 - FSIC's investment in Global Jet exceeds \$110 million³
- Unitranche co-investments with NewStar Financial enhance FSIC's returns with minimal incremental risk
 - FSIC provided \$345 million of funding to such unitranches³

¹ See previous slide for a detailed discussion of adjusted net investment income.

² This figure represents the simple average of the adjusted net investment income per share of the second, third and four quarters of 2015 and the first quarter of 2016.

¹ This distribution rate is calculated by annualizing FSIC's regular quarterly cash distribution amount as of March 31, 2016 of \$0.22275 and dividing such amount by FSIC's closing price of \$9.17 on the New York Stock Exchange on March 31, 2016. Distributions are not guaranteed and are subject to applicable legal restrictions and the sole discretion of the board of directors of FSIC.

² Cumulative total and average annual portfolio returns since inception through the quarter ended March 31, 2016. These returns are calculated using NAV performance and cash distributions declared during the relevant period and represent the return on the fund's investment portfolio rather than an actual return to stockholders.
